

My Dear

I'm writing to let you know I got your letter. Oh I love the wishes you made on your list! I spoke to my workshop elves a while ago, and I'm excited for you to see what you get in couple of days
I hope you will like them

You know what? You've been a very wonderful kid this year. You're kind, generous, and thoughtful to your family and friends. I had a chat with your parents over milk and cookies and they told me they're so proud of you for being a terrific kid. Keep it up! Remember: It pays to be on your best behavior always.

As you know, my buddy Rudolph and I (and the rest of the gang) will be quite busy on Christmas Eve, but we hope to see you even for just a quick moment when we drop by your house. See you then okay?

HO HO HO!
